

6/7/00

BREAK FOR THE BORDER has two establishments, both situated in the heart of London's busy West End district. With an average of three to four thousand people passing through our doors every week, we are the largest and most popular 'Theme' bar/restaurant in the U.K. We offer quality service, food and drink with live entertainment 6 nights per week.

TO WHOM IT MAY CONCERN

2 Play have played an unprecedented eighteen-month residency with us and have proved themselves to be our most successful and popular duo. Their talent speaks for itself. They are experienced professionals both on and off stage, making them great ambassadors for our establishments.

Our entertainment requirements demanded a very versatile repertoire ranging from laid back jazz style to lively dance/pop/rock. **2Play** always delivered. In the eighteen months they spent with us they always managed to sound fresh by constantly updating their music.

Lyndsay, as well as playing the guitar and possessing a great voice, is also a great entertainer, so she was always very popular with our patrons.

We are sorry to see them go and wish them all the best in Asia, U.S.A. and Australia and look forward to seeing them if they return to London.

I therefore have no hesitation in highly recommending them for any future engagements.

Yours Sincerely

N. Youden

General Manager
